PUT ON YOUR RADAR
MUST-SEE PRODUCTS & INNOVATIONS

GB LABS

Product - Unify Hub
A platform designed to meet all the challenges of today's production and work environments. Available as a stand-alone or software upgrade to an existing GB Labs appliance.
Key Benefits
- Fast and secure access to data.
- Seamless on-premise experience for remote workers.
- Accelerated cloud access.

IP TV PORTAL
Just Add Content

IPTV / OTT TV PLATFORM

MUTLISCREEN / CLOUD / LOCAL / RENT / BUY

iptvportal.cloud

IPTV

IPTVPORTAL is a modern constructor for your IPTV / OTT service, solution for Internet providers, cable operators, content aggregators, distributors, hotels, for everyone who wants to have their own IPTV/OTT.
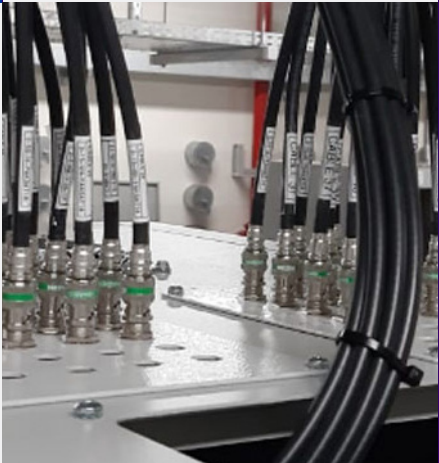

IPTVPORTAL works as a cloud service (PaaS technology). As a result, clients are able to achieve minimal launch costs, as well as the reduction of setting time to one day.

TRY FOR FREE!

MENA NETS

Mena Nets system integration solution entails designing, supplying, installing, and training telecommunication operators. The solution is delivered by laying fiber cables plus Belden coaxial cables from fiber sources and from Global Skyware and Kratos dish antennae. Then, ETL multiplexers process and feed into cisco IRD's loaded with Synamedia software.
PEBBLE TV

IP connectivity made simple. Pebble Control is a scalable self-contained connection manager which makes connecting IP devices as simple as SDI. It is easy to configure, deploy and operate using web-based UIs. It also leverages open standards to interface with NMOS-enabled devices from multiple vendors.

QARVA

Product – MultiPipe

In an age where consumers want access to (4K/8K) content anywhere, anytime on any device, Qarva's award-winning technology, MultiPipe in delivering ultra-fast, high-quality content to users, has ensured the best user experience. We are transforming 17 Years of Expertise into the Best User Experience by Developing High Quality Solutions.

ROKS TV

Pairing Conditional Access System

Pairing CAS where CA cards work only with STBs, including fingerprint and messages sending. Whole CAS currently supports DVB-S/S2 standards (others by request), constellations – up to 16APSK and H.265 codec. Proposed pairing complex together with own developed web billing and TV equipment makes turnkey solution for professional digital video broadcasting

TATA ELXSI

iCX is a secure, feature-rich, SaaS-based solution for monitoring and managing CPEs (STBs and Gateways) at scale. iCX can be extended to manage 5G/IoT devices, making it future-ready.

TEplay is a pre-integrated, highly scalable, and secure end-to-end OTT video delivery platform. Built on next-gen micro-services based architecture ensuring consistent performance and dynamic scaling with unified backend system and processes for OpEx optimization and easy maintenance.

Manage and Monitor CPEs Intelligen

SPACEBRIDGE

SpaceBridge Inc.'s portfolio, including the ASATTM product line supports numerous verticals with various technologies and applications such as: Cellular backhaul, Industrial Internet of Things (IIoT), commercial and military Satcom-On-The-Move (SOTM), high-speed broadband, multicast IPTV, voice over IP, videoconferencing, L2/L3 VPN, Virtual Network Operator and HD/UHD TV broadcasting.

GAZPROM

Due to wide coverage areas, Yamal satellites enable communication services delivery to different parts of the world for the purposes of Oil&Gas, Government, Aviation, Maritime, Education and Emergency segments. Yamal Satellite capacity is successfully used for communication links and data transmission, TV distribution, occasional use, trunking, backhaul and mobility services.

TRAVELLING TO DUBAI

Check for the latest information about COVID-19 travel and testing requirements for travelling to, from or connecting through Dubai at our Airline Partner - Emirates website.

- No Quarantine: Some visitors might be tested again on arrival at Dubai's airport. If you are required to take another test on arrival, you must remain in quarantine at your residence or place of stay until you receive the test result. If the test result is positive, you must stay in isolation and follow the instructions of Dubai Health Authority. If the test result is negative, you do not need to quarantine yourself.

- Events Running: Over 40 in-person business events are lined up from September to December 2021.

- Flights Open for Booking: Plan your travel via Emirates for a special offer.

- Accommodation: COVID-19 health and safety measures are implemented across hotels.

ATTENDING THE EVENT

- Wearing a face mask is mandatory.

- Hand sanitizers dispensers are installed at multiple locations across the venue.

- Routine disinfection and air change protocols are followed during the event.

- Vaccine certificates and negative Covid-19 tests are not required to enter the exhibition.

YOUR HEALTH & SAFETY IS OUR TOP PRIORITY

SAFETY ASSURED BY

VENUE SAFE

SAFE GUARD
RESTART YOUR BUSINESS WITH BV

We are committed to providing you with a safe environment to do business in accordance with all the health & safety guidelines set out by the local authorities. The event will be delivered with strict standards of health & safety precautionary measures including social distancing, contactless transactions and hygiene protocols at all times.

In May 2021, GISEC, the Gulf Information Security Expo and Conference event took place and 99% of attendees recorded the event as safe and very safe to conduct business.

SAFEST FACE-TO-FACE BUSINESS ENVIRONMENT, PROVEN TO YOU WITH GISEC 2021, IT SHOW HELD IN MAY 2021

We welcomed attendees from 73 countries safely at 2021's in-person global information security event. Dubai World Trade Centre set a new safety benchmark for live exhibitions around the world..

HERE'S A PICTURE GALLERY OF THE EVENT

Due to new health and safety protocols, exhibitors can log on to exhibitor zone to submit all staff details.

Print@home badges (in pdf) will be accessible in portal from 7th October 2021. Collect sanitised lanyard and badge holder onsite

Wearing of masks is mandatory.
A penalty of AED 3000 fine may be levied by the goverment authorities for non-compliance.

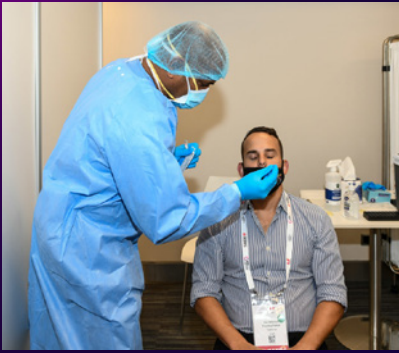

Social distancing markings should be placed on each stand and respected at all times

Clear signage of maximum capacity allowed at any one time to be displayed on the front of the stand. If a stand has a meeting room - maximum capacity to be displayed also

Exhibitors must sanitise high touch points/ areas within their exhibition stand frequently

Exhibitors appointed stand building contracting company and any temporary staff working onsite during the build up need to provide a negative Covid 19 Test Result to gain access to the Exhibition Halls.

All product demos and activations within a stand must observe a 2 metre social distance. The viewing area should be on the stand and also needs to incorporate social distancing of 2 metres

Microphones are fitted with filters and replaced after every use

Microphones, headsets and equipment need to be sanitised after every use.

Individually sanitised and packed badge holders and lanyards will be distributed at multiple locations across the event

Sanitisers, gloves, anti-bacterial wet wipes and tissues should be readily available on each stand

All products and furniture used for product launches, if any, need to be sanitised after every use. Gloves to be readily available if required.

Buffet permitted if served by waiting staff. Individually packaged food and beverage items available.

Avoid shaking hands and exchanging business cards.

Food and beverages to be consumed in dedicated F&B areas where masks may be removed when seated.

We recommend all reading materials are downloadable via a QR code. If this is not possible, brochures/catalogues should be individually wrapped, alternatively all brochures and promotional materials, which are not individually wrapped/packaged, can be distributed by an usher or hostess wearing a face shield, mask and gloves as mandatory. Distribution of these brochures/catalogues should be limited to one piece per person.

PCR Testing Clinic available onsite.

Isolation rooms are set up at the venue for suspected cases.

Conference areas on exhibition stands should have the seating set at 2m apart from each other

IMPORTANT NOTICE

If you have a fever, cough, shortness of breath, are feeling unwell or suspect you have symptoms of COVID-19, please seek medical attention and do not attend the event.

For any queries on health and safety measures please contact Irene Hayes on **Irene.Hayes@dwtc.com**
